

Rest Rap Lyrics

[Verse 1]

In the beginning after heaven and earth were formed,
Elohim sanctified one day; He rested as the norm.
The angels were bidden from the start, they offered the spice,
Noah and the patriarchs kept this day, they sacrificed.
Abraham obeyed Yah's charge, in all kept His ways at large,
It's found in the old and through the new, let's recharge.
The Sabbath of Adam was that of Jacob and Moses,
It could never change until the Messiah imposes.

[Chorus]

But He did NOT!
There remains Sabbath rest still,
To the people of Yah, real,
They've forgotten sin, y'all,
Transgression of His law,
That's the fourth commandment but...
The haters still have their beef,
No dice, I will not be an...
Example of unbelief.
I rest in Yah, I rest in Yah, I rest in Yah.

[Verse 2]

Remembering His rhythms, this ain't just a little trend,

A celestial truth with roots that will never bend.
I reflect on His love, I let my spirit engage,
The harmony of heaven, can't you hear this page?
I flow like the river, with soul in the mix,
Got that pop and hip hop, electrifying the fix.
Breathing in the blessings, exhaling all the strife,
Sabbath day rejuvenates, it gives the soul life!

[Chorus]

But He did NOT!
There remains Sabbath rest still,
To the people of Yah, real,
They've forgotten sin, y'all,
Transgression of His law,
That's the fourth commandment but...
The haters still have their beef,
No dice, I will not be an...
Example of unbelief.
I rest in Yah, I rest in Yah, I rest in Yah.

[Bridge]

I remember His Sabbath on fleek, I keep it wholly,
A sign of His love, obedience hallowed and holy.
Facts, no cap, basic, all our days be righteous and blessed,
A covenant promise to refuel on this day of rest.
You hide me beneath Your wings, for this reason I will sing,

Lifting voices together, praise echoes, it's everything!

[Outro]

So let's gather together, in joy and in high praise,

The rhythm of the Sabbath, we celebrate always.

In a world full of chaos, let our spirits invest,

With the message of the Word, we find our true rest!

I rest in Yah, I rest in Yah, I rest in Yah.
