

Rest Under the Shadow of Your Wings Lyrics

[Verse 1]

The sun arrives, I survived the night,
Finding shelter from the storm in your soothing light.
Leaving fear behind, burdens laid to rest,
In Your presence, Abba Father, I feel so blessed.

[Pre-Chorus]

Heaven still casts its shadow over me,
Every moment in Your presence, I can see.

[Chorus]

I rest under the shadow of Your wings,
Peace surrounding me, my heart it sings,
On this holy ground, I long to stay,
With every breath, I lift my praise today.

[Verse 2]

Sabbath comes in softly, time set apart,
A gift from the Creator, fullness in my heart.
In stillness, I'm restored, communion so divine,
In the shadow of Your wings, I'm ever intertwined.

[Pre-Chorus]

Heaven still casts its shadow over me,

Every moment in Your presence, I can see.

[Bridge]

A shadow of heavenly things, forgotten meaning,

The Kingdom is dawning, grace redeeming.

The shadow remains because the throne is true,

Yahuah, my refuge, my trust is in You.

[Chorus]

I rest under the shadow of Your wings,

Peace surrounding me, my heart it sings,

In this holy ground, I long to stay,

With every breath, I lift my praise today.

[Final Chorus]

Soaring voices rise like the dawn of day,

Echoing the promise that You are The Way.

Your throne remains, the Kingdom's call is clear,

In the shadow of Your wings, I lose all fear.

[Outro]

A glimpse of eternity, forever I will be,

In the shadow of Your wings, Yahuah, close to Thee.

With faith like a child, in trust, I will rest,

Beneath Your wings, I have found my best.
