

My First Love Lyrics

[Intro]

In the quiet of the dawn, where my heart first knew
The gentle whisper calling, guiding me to You
Time has drifted slowly, I let distractions steer
But the echo of Your promise still lingers ever near

[Verse 1]

I remember when my fire burned so bright
Every word You spoke, filling me with light
You drew me close with tender love, igniting all my days
But the world began to dim, I lost the sacred ways

[Pre-Chorus]

Oh, how I ache, my spirit longs to see
The place where I was whole, alone in reverie
Yahuah, hear my cry, I turn my heart to You
For I know that in Your arms, the fire starts anew

[Chorus]

My First Love,
Draw me back again,
Light the fire,
Let it burn within,
My First Love,

I belong to You,
My First Love,
Make my heart brand new

[Verse 2]

Yahusha, You've been faithful, never turned away
In the shadow of my doubt, You've held the light of day
Every tear I cried, You caught within Your hands
You promised me redemption, a love that understands

[Chorus]

My First Love,
Draw me back again,
Light the fire,
Let it burn within,
My First Love,
I belong to You,
My First Love,
Make my heart brand new

[Bridge]

You never left me, You were always there
Renew my heart, Lord, restore the fire
I return to You, oh, my soul's desire
Standing in Your presence, a covenant, I declare

[Final Chorus]

My First Love,

Draw me back again,

Light the fire,

Let it burn within,

My First Love,

I belong to You,

My First Love,

Make my heart brand new

[Outro]

In the stillness, I surrender, renewed in love's embrace

I return to my First Love, my heart forever traced

With every fading note, I know forever true

I belong, I return, for I belong to You.
