

## Earth Shake, Earth Move

### [Verse 1]

When morning breaks and the shadows flee,  
We raise our voices, proclaiming to be free.  
The mountains tremble, the oceans roar,  
God's mighty spirit beckons us for more.  
With every heartbeat, we march in time,  
Our faith is unshaken; we rise and climb.  
In storms and wonders, we stand as one,  
As the earth shakes beneath, the battle has begun.

### [Chorus]

Earth Shake... Earth Move...  
It's time to get into the groove!  
His signs and wonders surround me and you,  
His Creation groans for His return,  
That's why the earth shakes and moves!

### [Verse 2]

From valleys low to the mountains high,  
With hearts ignited, we lift up the cry.  
The beating drums of a thousand souls,  
In unity marching, we take back control.  
With a vibrant rhythm, our spirits collide,  
The majesty of Heaven, we won't abide.

Together in this army, we rally and sing,  
As the earth shakes and moves, let the praises ring!

[Chorus]

Earth Shake... Earth Move...

It's time to get into the groove!

His signs and wonders surround me and you,

His Creation groans for His return,

That's why the earth shakes and moves!

[Bridge]

So listen up, oh mountains, hear our sound,

As we march forward, with feet on the ground.

He fills the air with His glory so bright,

We won't back down; we stand in His light.

With every echo across the land,

Our hearts unite, under His command.

For every heartbeat and every prayer,

We declare His power; we rise from despair.

[Chorus]

Earth Shake... Earth Move...

It's time to get into the groove!

His signs and wonders surround me and you,

His Creation groans for His return,

That's why the earth shakes and moves!

[Verse 3]

As the trumpets sound and the banners wave,  
With faith unwavering, our lives are brave.  
To the rhythm of grace, our spirits soar,  
In the love of the Father, forever we adore.  
Let the heavens echo, the earth respond,  
In this grand chorus, we are reborn.  
Together we stand, no fear, just might,  
For every earth shake, we are ready to fight!

[Chorus]

Earth Shake... Earth Move...  
It's time to get into the groove!  
His signs and wonders surround me and you,  
His Creation groans for His return,  
That's why the earth shakes and moves!

[Outro]

So let us rise, let our voices explode,  
For the earth shakes and moves, on this righteous road.  
With hope everlasting, we'll conquer the night,  
As long as we're marching, we walk in His light.
