VERSE 1

Em

The silence fell like midnight rain,

My voice was stolen by the pain,

Yet in the dark, Your whisper came –

D

"Child, I'm still with you."

Em

The ground beneath began to shake,

C

But mercy rose for mercy's sake,

G

You held my heart though it would break –

D

Still I will sing to You.

In the fire where the shadows loom,

Your light emerges from the gloom,

Every promise dances close,

Though doubt whispers, I am Yours.

For every mountain, You are wise,
G
Through the struggle, chains will break,

In Your embrace, love doesn't fake.
