

Lord of The Sabbath Day Lyrics

[Verse 1]

As the sun rises bright, as the light breaks through,
Birds softly singing, bringing hope anew.
With the caress of the breeze, we come and rest,
Finding peace within Your arms, where we're truly blessed.
Yahusha, we gather, hearts open wide,
In Your presence we find, there's nowhere to hide.
You take the burdens, lift us high,
Resting in Your love, we will testify.

[Chorus]

Lord of the Sabbath Day,
King of Heaven's holy way,
You give rest unto the weary soul,
Lord of the Sabbath Day.
From the rising of the sun,
Till another week has come,
We remember all You've done,
Lord of the Sabbath Day.

[Verse 2]

With each moment passing, we feel Your embrace,
Celebrating the gift of endless grace.
Healing in this time, restoration flows,

In the stillness of the Sabbath, Your spirit grows.

We gather together, hands raised up high,

Singing songs of freedom, as our praises fly.

Yahusha, we honor, the covenant You made,

In the joy of Your presence, we will never fade.

[Chorus]

Lord of the Sabbath Day,

King of Heaven's holy way,

You give rest unto the weary soul,

Lord of the Sabbath Day.

From the rising of the sun,

Till another week has come,

We remember all You've done,

Lord of the Sabbath Day.

[Bridge]

In the stillness, we stand in awe,

Countless blessings that we saw.

With the choir rising, hearts unite,

Giving glory, in this holy light.

You lead us to the place of Your release,

Under His wings we find our sacred peace.

Together we rejoice, forever to proclaim,

Yahusha, our Savior, ever faithful name.

[Chorus]

Lord of the Sabbath Day,

King of Heaven's holy way,

You give rest unto the weary soul,

Lord of the Sabbath Day.

From the rising of the sun,

Till another week has come,

We remember all You've done,

Lord of the Sabbath Day.

[Outro]

As the chaos surrounds us, we'll sing Your praise,

In the gift of the Sabbath, we find our days.

Yahusha, forever, we'll cling to Your way,

In the love of the Sabbath, there we will stay.
