

Dance of Praise Lyrics

[Verse 1]

Every single morning, I'm here to declare,
His salvation lights the way, take us anywhere.
From day to day, His wonders amaze,
Among all people, we lift His praise!
Look around, feel the power, it's alive in this place,
He's moving in the crowd, see the joy on each face.
Rising up, hear the shouts, let the praises flow,
We worship in His name, watch our spirits grow!

[Bridge]

Let my field be joyful, see the colors burst,
The trees of the wood rejoice, quenching every thirst.
Yahuah reigns forever, echo through the night,
Hear my voice, let it rise, into heaven's light!

[Chorus]

Sing unto Yahuah a new song,
Dance, oh the world, for we all belong!
Come into His courts with praise,
Let His seas roar, let the music blaze!
For He is great, Creator of the skies,
He has made the heavens, what a glorious surprise!
Give Him glory and strength, all to His name,

Bless Yahuah His name, it's forever the same!

Above all gods, our voices unite,

In this vibrant moment, we feel His light.

[Verse 2]

For He comes to judge the earth, appraising each's worth,

With righteous hands He'll lead us, revealing a new birth.

No more chains can bind us, we're dancing free and bold,

In this divine moment, watch the hearts unfold!

His love is the rhythm that makes us alive,

As we lift our hands, together we thrive.

Every heartbeat echoes, with praise and delight,

Join the joyful chorus, let's shine through the night!

[Bridge]

Let my field be joyful, feel the spirit ignite,

The trees of the wood rejoicing, in God's brilliant light.

Yahuah reigns forever, fill the skies with cheer,

Hear my voice, let it ring, bringing hope ever near!

[Chorus]

Sing unto Yahuah a new song,

Dance, oh the world, for we all belong!

Come into His courts with praise,

Let His seas roar, let the music blaze!

For He is great, Creator of the skies,

He has made the heavens, what a glorious surprise!
Give Him glory and strength, all to His name,
Bless Yahuah His name, it's forever the same!
Above all gods, we shout it in grace,
With hearts joined together, let's conquer this space!

[Outro]

Now, let the drums be drumming, feel the add in the air,
Our souls ignited, let's spread love everywhere.
Praise Him with movement, let's dance and sway,
In this powerful anthem, we'll forever stay!
